Betsy was our neighbor for many years. She always had that smile on her face and a friendly hello that sometime took several minutes. You could always count on a conversation over the fence with Betsy. She will be missed.

I met Betsy many years ago when my family lived across the street from the Kick family on Longwood Drive in Kankakee. My sister Sue, my brother Mike and I -- my name is Linda, all played and went to school together with Betsy, David, and Mike Kick and the Kesinger kids. Sorry to hear this news and will be thinking of your family.
Best wishes from the Cole family

I'am saddened by Betsy's death, I met her 1984 while working at St. Mary's Hospital, she worked in the lab. Everyday I came through the doors to the Dept. she always greeted me with a smile and friendly conversation. I loved working in the lab to be around her because she always made me feel like a friend and uplifted me. I never saw a bad day for Betsy, she always remained happy and passed that on to us all! Even though the years and death has seperated us she will remain forever in my memory as a very kind, giving and loving friend. I'll miss you Betsy until we meet again in Heaven! Nancy Andrews

CK

Way back when, there were a handful of cousins--Barb, "Sonny", Betsy, "Butch", Bobby and David who played together and enjoyed grandma's love. Fourteen more cousins joined in over the next dozen or so years. But the eldest girls always behaved as big sisters should behave.
Betsy's passing leaves an ached that will persist, but also many fine demonstrations of His love as a salve to that ache. Thanks for your examples, cousin!!!

LS

My sister Betsy was the oldest of the eight kids in our family. She seemed worlds apart as I was growing up, already working full time with her own car when I was still under 10 yrs of age. I remember her always buying us nice gifts on birthdays and Christmas. One favorite memory was when Betsy took my two younger sisters and I to the drive-in to see Chitty Chitty Bang Bang. I think it was my first drive-in movie. It was so special to stay out late, in her super cool 1969 white Camero, eating popcorn and snacks. She really spoiled us that night. Alicia and Teresa passed out before the movie ended. In those days, nobody wore seatbelts, and we drove home with them asleep in the back seat.

When I was 20 or so, living on my own in Urbana, I invited Betsy to come for lunch at my apartment. It was her birthday, and I made a lot of food, and an ice cream cake roll. I was learning to cook, and tended to go all out with the food when I had someone over. Taco salad, a big fruit salad in a watermelon basket are the things I remember. She came with her friend Wick, and I think one or two of my roommates was there to add to the party. She seemed pleased with my effort and the special attention. It was a very special day.
