“ There are way too many memories to share, all of the ones I have are all happy. Darlene was always worried about Harry and I being alone on some holidays and so always called and included us in her and Tommy's plans. In spite of all of her limits, she never complained and always down-played everything by saying "what are you going to do, it is what it is and I make the most of it" We are going to miss you and from Harry and I, from here up to heaven, we love you. Rest in Peace until we meet again.
