“ So sorry to hear about Jackie I had many conversatios with her over the years and most of the time was spent laughing. Our fondest memory of her was one Halloween years ago she ran out of candy since Ian and Dan were late. Jackie gave Ian a packet of instant apple cider mix, his reaction was look she gave me soup!! After that she was known to us as the soup lady and she will be remembered in our hearts and memories as that.

May your memories bring you comfort and peace

“ As sisters, Jackie and I have many memories together. She spent many winters with me in Florida. We shared lots of belly laughs and Scrabble games with Mary and Barb. I will treasure all those times forever. Love you

“ Jackie was a cousin of my father's and we spent many family reunions together. She was always a joy to be around. The most memorable and significant memory for me is the time that I spent with her on a visit back home. I made it a point to go and see her, because I wanted to tell her about her amazing son Rob. Though all of her children are amazing Rob had literally saved my life. Thank you Jackie for having such caring, compassionate and truly amazing children. I love you and will miss you until we meet again
