“ Alice and I shared 4 wonderful, sometimes stressful, years at St. Xavier University. We forged a friendship that continued through the years. Last Christmas she shared all her retirement festivities with a beautiful letter and pictures. She was a valiant woman who loved trees, flowers, animals (her beloved Wofie) her many students plus family and friends. During home visits in the summer we would share a year of news and laughs with her dad in Kankakee. I will miss her boundless energy.
Mary Rose, Bob, and George I was very shocked and sad to learn of Alice's death.. Please accept my heartfelt sympathy. I can't believe she had such a short retirement! We had hoped to share time together again.
God bless,
Mary H

“ George, Mary Rose, and Bob, I have such fond memories of Alice while we were growing up, she was like the big sister I never had. I can remember us walking through the woods and looking at the flowers. She really liked the flowers. I am sorry to hear about our loss, my prayers and sympathies are with you and your families.
Love, Sandie

Alice loved the children of Fort Hood, Texas. I had the esteem privilege of working as her colleague as well as her principal for over 16 years. She retired from teaching but not from loving our school or the children. I agree Sandie, she loved the flowers and always made sure there were plenty of blooms around our campus. I extend to the family my sincere condolences and most heartfelt sympathy. Alice made an awesome contribution to children of which I know she was proud. She will be missed. May God bless this family as you go through this season of dealing with the loss of Alice.
