“ Anna, my beloved Grama passed on to her next life; and she is missed and loved very much. I think of her every day, and remember what a positive, patient, person she was, and how much she influenced and still influences me today.

“ Anna was not only a wife, mother, grandmother, and great grandmother. She was a super human. She has always supported and loved her family and friends dearly through thick and thin. Its amazing how much she has seen, heard, and learned within the years she has been on earth. Ive learned so much from her, and will carry on her legacy as her grand daughter. I am pleased to say that she is in a better place now with her husband and daughter. R.I.P. I love you. Denise Blanchette
