“ *Betsy was a good neighbor and friend. We live down further on Stockton Hts., but knew Betsy. I was a former Avon Lady back in the early '70's and got to know her then. One time her husband had fallen on her front steps. We were passing by and noticed her struggling with him, to get him into the house. We stopped and helped her. She was so grateful and so gracious to us. Blessings on Betsy and her family.*
