“ I had the great privilege to spend time with Bonnie in work, in fun, and in faith. She had the following prayer from St. Teresa posted in her office and we both found it to be inspirational, no matter what was going on. It seems right to share it in her memory. I know that she is experiencing the truth of it now that she is in God's hands.

“May today there be peace within.

May you trust God that you are exactly where you are meant to be.

May you not forget the infinite possibilities that are born of faith.

May you use those gifts that you have received, and pass on the love that has been given to you.

May you be content knowing you are a child of God.

Let this presence settle into your bones, and allow your soul the freedom to sing, dance, praise and love.

It is there for each and every one of us.”

— Teresa of Ávila

Rest in peace my friend. I will never forget you.

“ Bonnie was one of the sweetest, most selfless, caring persons I ever met. Students and staff loved her and she was always there to help anyone she could and go out of her way for everyone. No matter what anyone asked how great or small she would accommodate them with a big smile. I don't think she had a mean bone in her whole body.

She accepted the illness that she had with a great deal of grace and strength because she had a very special relationship with our Lord. We wonder why the best people have to leave us so soon, but I believe with all my heart that the Lord needed a very special angel to watch over us all and today she is doing just that. We all are better people just by being blessed to have known such a special person. God bless and keep you Bonnie.

What I remember the most is her warm smile great sense of humor and most of all her warm heart. She will missed greatly. She made me a better person by just knowing her. God Bless you.

I was honored to work with Bonnie in developing advising pathways for GSU students interested in Occupational Therapy. I remember her as kind, creative, supportive, humorous and ever willing to go the extra mile for anyone. Her strength and grace influenced and will continue to influence many.

I met Bonnie at ILAAA and we became friends instantly. She was with GSU while I was at St Xavier. We both applied for roles at MVCC and I thought she was my competition for the role. I almost backed out, as I loved her so much and did not want to compete with her. In the final hours of the interviews, I found out that she was applying for an advisor role and that if I were to get the role I wanted, I would be her boss. As it turned out, we both got the roles and started in the same week. Having one friend in the midst of starting in a new job is more than one could ask for, but Bonnie, oh funny and chilled Bonnie, made starting a new job FUN. We worked together so well, as she is a professional through and through. She loved helping the students and many students came to me with accolades for her. She was loved by all. As she decided her place was at Gov State, she returned there and our staff was sad to see her go, Lucky GSU! But, we continued to work with her on various projects. Bonnie is one person you always want on your side. She is such a loving soul and God did good in creating this one. I have missed Bonnie since we worked together 12 years ago and am sad I only was able to see her once since she was diagnosed with this terrible disease. Her road has been long, poor Bonnie. But, Evan, no one could have had a better companion. You are a loyal and loving husband and your faith and strength is inspiring. May our dear Bonnie rest in peace. May her force be with us all.
