“ *It's been almost 4 months and I still can't believe it. I think about him every day. Come to find out my Dad was kind of a genius. He had an answer for everything. I hope whatever the afterlife has in store for us, we see each other again. I miss him more today than I did yesterday.* ”

“ I'm saddened to hear of Bryan's passing. My thoughts and prayers are with the family. It's been over 3 decades since high school but I remember Bryan as a very likable and unassuming nice guy.

“ Many fond memories of sharing my childhood with Bryan: hanging out in the shed in his back yard, measuring our height on the closet door in his garage, playing with his train set under the Christmas tree, riding bikes, Honey and Tinker, the closet where we would hide when playing hide and seek, Going to the same church and always trying to beat him at four square. Our parents sitting around their kitchen table drinking coffee. Always feeling welcomed at his house. What a great guy! What a great family!

“ *My Dad was the most dedicated and devoted man I've ever met. He lived his life for our family and for those around him. I can't explain how much of an impact he had on my life, but I know I will see him in Heaven some day. We all love you Dad.*
