“ Back in my high school days, Carol and her husband moved to Lake Bluff, IL.

*It was fun getting to know her. She was a fun loving free spirit. She would toss her up-down hairdo and be what I*

*wanted to be when I grew up. We shared similar last names, but mine*

*ended in an E.*

*I am so sorry she died so young. That*

*free spirit must have been needed in heaven.*

*I give a hug to every member of her family, and look to heaven and say*

*Hi.*

*Fondly*
