“ *How is it even possible that you were taken from us almost a month ago. They say we have angels watching over us, I'm sure you are busier than ever looking out for all of us. We all miss you here on earth, I hope you're having fun in heaven catching up with everyone. We just weren't ready to say good bye.*

“ *I still can't believe this is true! Carol was among the first persons I met when we first moved to Mokena. She was always a friendly and happy. It was a hard transition from moving from Bridgeport to Mokena but her funny and happy disposition made the challenges much easier for an 11 year old child.*

*I saw Carol at one of her favorite hang outs (Milltown Market in Wilmington) when I worked there for my in-laws. I expected to meet a completely different person 40 years later. When we talked it was as if we had seen each other the day before. She had that bubbly demeanor still and we talked about our life since we had last met. She told me of her infatuation with her grandchildren and talked proudly of her children. I think the world is a lesser place without her.*

“ Carole is missed so much by our family. I'm so happy she met us  
down town with Jennie and Mike and the kids to walk down  
Michigan avenue and see the Christmas lights this year.  
That would be the last time we would ever see her. She will be  
forever missed.

“ The way Aunt Carole laughed and the way she talked were so uniquely Carole.... you guys all know what I'm talking about. Totally one of a kind and an original. She was a big part of my childhood. I got to have lunch with her and my mom back in March before the Covid/lock down hit. Im really glad I got to make that memory with her. The world was a better place with Aunt Carole in it. Its awesome to see all the people posting and sharing about how they knew her and how she affected their lives. Makes me feel good to know that her spirit will live on in all of you.

“ We started together in first grade, went through so many "firsts" together. But best "first" was our boys, being in same hospital room even. You were a fun free spirit, going up in flying go kart, riding in hot air balloon, and so many fun adventures. You'll be missed.

“ We are so saddened to hear this.  
It is funny how I got to know her. My granddaughter's ages 10 & 6 now but we met her about 3 or 4 years ago while in the checkout line at Farm and Fleet.  
She noticed the Disney apparel the girls were wearing and began talking to them like she was their aunt. From then on, the girls looked her up and we did too, looking for which counter she was working. She ALWAYS had to hug the girls and as I said treated them as if she were their aunt.  
This is such a loss for someone how we just met occasionally.  
My prayers and condolences to the family.

“ She was my mom I loved her I love her she was a great person and my best friend. I will never forget her she will always be a part of my life. She loved her grandkids and her gardening. If Mom saw a butterfly she'd run across the yard with her camera just so she could get the perfect shot. She loved her echinacea and her daisies. And her pencil lilies that would come up in the spring. She changed the lives of everyone she met through her kindness and her charity. She was more than just a friend to the people she knew she was family. She loved her job as a cashier at farm & fleet. Should always tell me stories about how she saw someone that we used to know when we were growing up. She told me once how she saw my fourth grade teacher Mrs Johnson and how it reminded her of when she was a teacher. She was a teacher's aide at St Jude and it was one of the happiest times of her life. I have many stories that I remember of sister Rita. Mom loved to meet new people and was never afraid to be friendly or act silly and make someone smile. She had a charm that could win over anyone. Christmas and Halloween were the best times of the year for her. She loved to read right and draw. She was in the middle of reading searching for Fanny Quigley a wilderness life in the shadow of Mount McKinley. Her favorite TV show was 90-day fiance. We would watch it in Marathon style over the summer as she would watch 90 day fiance and 90 day fiance after show. Her favorite color was Green as far as I know. She loved her sisters Rose Char and Diane with all her heart and, her brother's Raymond and Tommy. She spoke them often and she held them in her heart and would always tell stories of when they were young. My grief is only surpassed by the grief that I know her brothers and sisters are going through at this time. She was a light that out shown all others her legacy will be her love and her grace.  
I love you mom.
