“ *The entire Hornung family were like my extended family and Connie was the little sister I never had. Growing up together she was always in Michaels and my business...exposing all of our ill planned schemes of mischief to our parents. She was always there and during those times I found her annoying but as we matured she became a dear cherished friend...I will always love her for her friendship and sister like involvement in my formative years...love you Connie*

“ Connie and her siblings grew up down the street from me in Worth. She was a sweet person with a big heart. She always had a positive attitude with a smile on her face. Her family had way too many early deaths which is very sad. She will be missed. Paul G.
