“ I appreciate all I learned from you and your family about farming and about how neighbors help each other. It's hard to believe that I've known you and your family for 40 years now. I send my sympathies for the loss of you to your family.

Thank you Gary, there is some kind of unwritten code when it comes to the farming community. Thank you for your memories.

“ Pops, You have taught me so much growing up. I still remember the fun filled trips we took in the semi, traveled around a bit. But I want to say the best memory I have though is having you and grandpa Howard at my College Graduation. Seeing your Face lite up when I walked across the stage was priceless. I know that I have made you proud in all that I have done in my life. And now as you sit and watch from up above I will continue to make you proud. I love you Dad. All the memories we have will continue to be carried on with me. You will be forever missed.

“ You took it upon your heart to take me as your own. Giving me a father and a life time of memories. What you have done for me can never be repaid. Forever in my heart I love you. Thank you dearly for every loving memory dad.

“ Dad, you taught me so much about alot of different things. Riding tractors, random things about the hog farm. Never forget ridding Fred the pig. Having you be my softball coach is something I will never forget. Dad, I love you and miss you. Stop in and pay a visit anytime. I will know you are here.
