“ My heart is very sad at the news of the passing of my very first friend, Darlene. We grew up together in the same house on Vine Street in Harvey, Illinois. I was 2 years old when Darlene was born and both of our birthdays were in August. We celebrated together when we were young and since then we always remembered each other's birthday by cards even though we were very far apart in different States. She was a bridesmaid in my wedding, which sadly my husband just died on the 10th of May and I wondered why I had not heard anything from Darlene. Little did I know that she had also recently died. Now I grieve for both Darlene and Robert, but I know they are both in Heaven. God bless you Darlene and we will meet again in Heaven.

“ Will always remember are conversations that the 3 of us had over the course of almost 19 years, and enjoyed the few lunch appointments that we shared, even though most of those Darlene &/or Wally insisted on buying!

“ Dear Wally,
All of us from the pool friends will miss Darlene a lot. She made us laugh and getting together each month to eat out at different restaurants was a treat for all of us. Once Covid hit, we weren't able to get together. We will miss her dearly. We know she's up in heaven with our dear friend Rose just having a good time together. Our love thoughts and prayers are with you Wally. Hugs from all of us. Jackie Lingle
