“ My favorite memory will always be installing my subs with you, it meant so much to me that you did it and you loved them so much. I will NEVER get rid of them. I love and miss you Dad.

“ Dave, Karen, & Family... Our thoughts & prayers to all of you. I wish there were something I might say to help ease you family's pain and grief over this tragic turn of events that happened a week ago today. May God help your family through this and believe that David is looking down at all of you. Nothing makes sense of this for a young man to leave this life and I hope that time will help to ease your pain.

“ May your family find solace in this senseless act that took you from ALL you loved way before your time. MY heart goes out to the Kennit family and anyone David touched.

“ Many hearts are breaking because your life was stolen way to soon. I wished we all could have rode together like you wanted to when you got a bike but we will all ride once we get up to heaven. Maybe there is a "Buy Here Pay Here Harley Dealer" in heaven. I am going to miss you Dave. Just keep the party going for all of us.

“ Missing You. Thinking about the time you got a bee on your nose when you were little and you said get it off. I had started laughing cause your eyes were crossed trying to look at the bee. And I had a time getting him off you nose. See you later in heaven. Love Dad and Mom

“ Love you bro. You'll be missed by many until we meet with you again. Sad you left the way you did. Your still a soldier standing strong. Now you get to guard the gates of heaven. Ill see you one day until then ill try to be strong and keep my head up you wouldn't want anything less.

“ Each dusk will bring light to your son's and daughter's eye, as well as your name.

Their heart will be dressed forever in the red badge of your courage for they will never feel cold.

You loved so much and so many and so much you are loved.

Finally, Love, is the name of our tears.
