“ To Dean's sons, family & friends....My greatest memory of Dean is that beautiful smile of his that I first saw some twenty years ago when we were at HHS. I know that there are not any words in our vocabulary than can ease your pain but I hope that all of your memories of Dean, that you hold so dear to your hearts, will help give some comfort during this most difficult & most sorrowful time. Please know that you continue to be in my thoughts & prayers.##imported-begin##shawn beier##imported-end##

“ To the family of Dean Stone.

I just heard that Dean had passed away and sadden. He was a friend in the business and did much of my underground for me. I enjoyed the time we had together and it was a conradery we had. I always enjoyed his company. He was good to me and did my work in an ethical and quality fashion.

We joke together, consulted together, and occasionally enjoy food together. I was shock and still am of his passing. He was a friend and was happy to have known him.

Respectfully,

Jim Paul

“ I used to live down the road from Dean (RR6 Box 42)when we were still in grade school and high school. I was the youngest of the Bushey boys. Dean was always very good to me. He once told me I was alot like him. Man I used to think he was like the Fonz off happy days. He would always protect me when we would play football in the Harringtons back yard. If I ever had a question he would take the time to realy explain things to me.I am glad I got a chance to have Dean in my life. I will miss him, but I will never forget him.##imported-begin##Eddie Bushey##imported-end##

“ Dean you were not only a neighbor,but a friend and brother to me.We laughed together and even cried together.

We worked,we played.

You shared your life with me, and let me share mine with you.

For the time we had together, I am eternally grateful.

You are so missed and loved my friend, my heart aches with your passing.

Life without you is a lot less bright.

Say Hi to Denny,and Drake.

Someday I'll see you again!

Your friend,neighbor,and brother,
