“ My dearest Duane,<br><br>It has taken me a bit to write this .I found out you passed away 2 weeks after it happened. My heart was just broken into.I know in my heart you are where you need to be with Rita and you both are happy now together forever like you and had talked about so much on the phone.I am so sorry I could not come up sooner. All the plans you had made sounded so wonderful and I was so happy to go and share them with you this month. I i½wish I had gotten to say good bye to you . That is what is hurting me so badly that I can't get over . I knew sis was dying the last time I was up and saw her and told her good bye , but I knew I would see you again. Oh my friend my dear dear friend . I wish I could have been there to tell you good bye it all might seem real to me . Thank you my friend for talking me thru my first marriage and letting me know I was better than a punching bag , and I enjoyed drawing with you last time I was up . Mostly thank you for taking such wonderful care of my sister and loving her . What I would have given to have told you this to your face. What a wonderful man you were with such a gentle spirit.You will be so greatly missed.I will do my best to keep up our promise we made to each other ,maybe you can help me along in other ways now?Know that I will always love you and you will never be forgotten.
