“ I had the pleasure of working with Eddie. There was not a day that went by that he was ever in a bad mood. He was always happy and had a smile on his face. He did his job like no other and took pride in it!

Everyday we would talk about his family and you could tell you all were his life and he loved every one of you!

There are no words that I can say that are going to take your pain away right now because this was a great man gone too soon. Just know, Eddie was a guy who was liked by every one he met. He will truly be missed by all.

You are all in my thoughts and prayers.

I worked with Eddie at Kmart in Kankakee, and Super K in Bradley. He was a prankster, and fun loving guy. That being said, he was also a hard worker and always was willing to help you out. Many times he helped me move things to/from the Pharmacy. Godspeed, Eddie. Rest in Peace.

“ As a managing member of Wagner's, I had the pleasure of working with Eddie for the past year. I always enjoyed talking to Eddie as he was consistently friendly and welcoming to everyone. He would always ask how my weekend was, how the plant was doing, and how he could help Wagner's improve through his efforts. Eddie had a wonderful work ethic always performing his job with a sense of urgency and accuracy. He often made good suggestions on how to improve things, which is rare for most employees to do. I always appreciated his input and willingness to help out anyway he could.

In recent weeks, Wagner's had promoted Eddie from a Mill operating position to a more challenging job of Stock Picker that required close attention to detail, paperwork, and quality of the product. Eddie was perfect for this job and did the best of anyone we've ever had in this position.

We will all miss Eddie's warm smile, compassion, and friendliness. Eddie would never let me walk by without saying hello, shaking my hand, and asking how my day was going. Eddie was a rare breed and will be deeply missed.

“ I recently met Eddie through his business fixing appliances. He was a good repairman and was very mannerly. He gave good advice on how to do things and was always quick to get it done. I really thought he was a one of a kind repairman and did good work. He would stick to the job and get it done. Nice knowing him, but he will be missed.
