“ I have never known a more selfless, kinder, genuine, helpful, or patient soul! I was lucky enough to benefit from her love and wisdom as a new teacher at Thornridge High School, where she was the librarian. She retired after only a few years of me being there, but she still sent me motivational cards and notes. I felt her love, prayers, and encouragement despite not having her physical presence in the halls of school. Not only did she do so much for the kids, but also she was an inspiration for the staff, providing guidance, strength, and a positive word to help us endure the daily challenges that teaching can bestow. I especially remember the tremendous presentations that she used to give in honor of Black History Month. What a treasure it was for the students and me to have her relay her experiences while in Africa! She brought all sorts of African mementos and provided a slide show of all her pictures of daily life. How precious it is now for me to think about even the little details she included! Among many other things, I recall how she went from one slide of little monkeys, to the next slide which was a picture of her son, exclaiming, "And there's MY little monkey!" So sweet! I feel blessed to have known her for the short amount of time that I did. I will never forget her. A greater soul has never walked the halls of Thornridge...or the face of this earth, for that matter. Sending the family my deepest condolences, and thank you so much for sharing her with all of us! It is a comfort to know that she is up there in heaven on our side. - Kim Nylen

“ Aunt Esther was most definitely the quietest of the Lindley's but her presence was always felt. She oozed Love out of every pore of her body. She accomplished so much and was such a positive influence on so many people, but the only Pride I ever saw from her was the Pride she had for others. My Heart goes out to Kathy, Roger and Uncle Don as well as my Aunt and Uncles who have loss their sister. Aunt ester was a Treasure.

“ Aunt Esther shared love with everyone she met. I will always remember her pinching my cheek and giving me a hug. She was always interested in finding out what was going on in your life and sharing updates about her family. I will miss her.

“ Don, Kathy and Roger:

I was terribly saddened to hear of "Mrs." Donley's passing. She was, without a doubt, one of the most beautiful people and soul's I've ever met. I will never forget her, truly.

She was such an incredible teacher, and specifically as it relates to my family, helped my family specifically through her patience and overwhelming love and support for her students. We would not be where we are today without her personal attention and dedication.

She always had wonderful things to say to me whenever we met, and she was always concerned about my family - wanting to know how they were. She was gracious and kind and grateful that I was her son's friend over the years. I'm grateful that she was her son's mother and a mother, in her way, to all of us.

It is my hope that these remembrances can help you all find some peace and comfort knowing how much she meant to the people she touched. My best wishes, sympathy and deepest condolences on her passing.
