“ Sonny, a very sweet caring boy that I grew up with. When we were children some of the most joyful times of my life were staying overnite at your house with you and Myra. I remember the chicken fries at our farm, what fun we had. I reflect on those times often. Memories remain forever allowing us to call upon those times and to relive parts of our childhood through them.

“ Gene and I worked together at the mall. i ½He managed Payless and I managed the mall. i ½He was one of the best managers in the mall. i ½We had great fun agreeing to disagree on politics. i ½We had some very lively conversations. i ½Gene was an inspiration to me and others for how he lived his life and how he approached his death. i ½I never heard Gene complain. i ½I will miss his smiling face and his possitive influence in my life. i ½God Bless Gene and his family. i ½My life was is better just for knowing him! i ½##imported-begin##John Munsch##imported-end##

“ Sonny.
A great cousin whom I lost contact with when we grew up. I hve fond memories of when we were chilren. Staying at each others homes and playing in the the cherry tree in your backyard. A big nono, boy did we get into trouble over that. Having picnics, abd especilly cleaning the pan when your Dad made fudge.thhose were some of the best times.
You will be missed by us all.Love ya, Nancy and family
Nancy J {Young} Lambert

“ I worked for Payless for 25 years. It was an honor and privilege to of known a man of his integrity. I only wish there was more people in this world that was like him. May his family find comfort in knowing that so many people are going to miss him. God bless him and his family. He will always be in my heart!
Shelia B.

“ I meet Gene at Northfield Square. I knew him first as the Manager of Payless Shoes. I work in the management office. Over the years, I had opportunity to talk to him and share opinions on politics, books and life in general. He usually started the conversation with a joke, and I think he got just as much of a laugh out of telling one as I got out of listening. I will truly miss his smiling face and upbeat attitude. Gene has lefted an indelible mark on my life. I am lucky to have known him as Friend. ##imported-begin##Teri Choate##imported-end##

“ I only had the privilage of working with Gene for a few months but within those few months, he has touch my life in so many ways. Gene, I will miss your jokes, the paper fights we use to have while cleaning the shoes at work, the advice you gave me when times were difficult, and your friendship. You will always be remembered! God bless you and your family. ##imported-begin##David Heinrich##imported-end##
