“ I only had the pleasure of spending a little time with uncle Everett....But in that little time, I remember alot of fond memories.....Fish stories, jokes, and alot of laughing....Most of all, I remember the great times we always had catching 100's of bluegill, sunfish, (something along that line), then deep frying them all up at our family fish fry. I've been far away for along time, but have thought of uncle Everett many times through-out my life and have shared many memories of this great man with my family and children. He will now join my grandmother (his sister) Doreen, in heaven along with the rest of wonderful family that have passed before him. We all will miss you.....Rest in peace uncle E

“ I have so many great memories of Uncle Everett. Almost all of them include a fishing pole and the lake in Wisconsin. The most poignant one though is very important to me. As a kid, I always walked while looking at my feet. It was a lack of confidence, now I think about it. Everett would always say "head up!! Chest out!! ... Walk like you are somebody". And It worked. It's now something I tell my daughter. He truly was a great man and I loved him.
