Tribute Wall

“ I have many fond memories of Rosie. We worked together at Indiana Beach Campground for six summers and enjoyed good camaraderie while working evening security and other duties. Rosie was helpful and always had good jokes, stories, smiles and interesting comments to share. He added an unforgettable life and spirit to the place. I will miss him, and my condolences go out to his family.##imported-begin##Bill Slover##imported-end##

“ Harold (Rosie) as we called him, was a great friend and co-worker. I worked with him at Indiana Beach Campground where he lived and worked in the summers of my teen years. He was funny and uplifting. He and I once took a trip to New York State to pick up some canoes. That was a trip I'll never forget. My condolences to the family.##imported-begin##Dave Seward##imported-end##
