“ *Jack & I remember Hazel as a neighbor & friend. When we moved into the neighborhood we got to know Hazel. She was always looking out for her neighbors. I remember her calling me to let me know that my boys were out by a tree on our property by the alley and that they were playing with matches. I was glad that nothing caught on fire and that Hazel was their guardian angel. Whenever I would see Hazel out in the yard we would stop and talk and she would ask about my two sons. She always called one son Christopher, his name is Nick, but that didn't matter - she was always caring. Hazel would keep us up on what was happening in the neighborhood. She was also very giving - her garage was always full of clothing items that she was giving to the needy. I will miss seeing my friend out in her yard and talking to her.*

“ *Every month I'd see her at Share Food and she would make a comment about my make up or what I was wearing. I guess it took me a couple of years to see that she was saying all that cuz she really loved us. I love her too. I love her strong will and how she never backed down. I'll miss her! And theres a special place in heaven for her.*
