There isn't a day that goes by that I don't think about you grandma. I find myself sitting here waiting for my phone to ring with your ringtone but I don't get that call. I can't believe that you have been gone for six months already when it seems like just yesterday that we were going shopping at the mall. I know in my heart that you are still here with us all though. I love you grandma...<3

“ To a very great and wonderful lady. I will miss the good times that we had when I was out there in 2010. I enjoyed spending the day together eating everything in sight lol and the evening that I lefted to come home when u packed me a hearty lunch of couple of sandwiches and a lot of popcorn balls and told me now don't forget me and come back and see us soon and enjoy your lunch and have a safe trip. When ever I look up and see that shinning star I will see your beautiful smile and hear you laugh. I will see you again some day and we will have us a good laugh R. I. P. Grandma aka mama.
