“ I remember Grandpa and Grandma's immaculate home with a white bed spread that seemed so high but of course I was so little. Grandpa used to say, "You follow me?" a lot and I was always trying to stay close as he walked to make sure I could say, "Yes, I am following you." Dad (Ken) had kind words and memories of his fine tomatoes and followed in his footsteps in his love of photography. I will hold fond memories of Grandma and Grandpa.

“ I remember uncle Hu as a very happy person, always joking around, and a very loving husband. He and Auntie Ann seemed very devoted to each other. He had his stern times also but in a nice way. I lived with them for 2 years while I went to business school, they treated me like one of the family. I loved him very much.
