“ James was a good friend of mine and I will really miss having him around the dorm. He was a brilliant kid with a bright future ahead of him. May we never forget how he touched our lives. Love is stronger than death even though it can't stop death from happening, but no matter how hard death tries it can't separate people from love. It can't take away our memories either. In the end, life is stronger than death. Unknown May you finally be at peace. Tanena Sandefur
