“ To: Janet's Family....Janet was one if the sweetest Nurses to have to follow. My name is Donna and Janet show me how to care for a client that we both worked with. We became a nurse family for this client and our team worked well together. She also helped me to stay strong with words of encouragement when my Mom passed with cancer in 2018. A great friend she was. She will be missed. To the Family stay strong and know that she will always be with you.
