“ To the Family of Janice Kiedaisch,
I was very saddened to hear of your loss. Jan precepted me when I was a new graduate nurse at Riverside on 2 Med/Surg 24 years ago. I regarded her as a mentor & exceptional colleague/person. Jan personified what it means to be a nurse. She was responsive to her patient's needs including their families, always extending compassion & the best competent care possible. Jan was a true professional! She was highly intelligent, experienced, and respected by all whom worked with her. It made me smile to learn that she graduated with honors and earned her BSN just last year. Since I moved to Texas, I am just now learning of her death & could not pay my respect to you in person. Please accept my heartfelt condolences. May you be comforted to know that her memory will never fade, for she touch so many lives & made a difference in her chosen profession.

*With Deepest Sympathy,

“ Spent many an enjoyable evening playing pinachole with your mom and dad.

Your dad would take extra time to find the best return on my taxes.He was the
BEST !!!

Before my retirement from Riverside I worked with your mom on 2nd med/surg.The shift seemed to go smoother when she was there.

Both of your parents will be greatly missed.

My prayers to you and your family's Charlotte Brouillette

“ *Janice was hands down one of the best people and best nurses that ever existed. Every new nurse to riverside learned so much from her, she touched so many lives and careers. She deserves a hero's send off from a fellow nurse who learned so much! Goodbye and good luck teaching the angels what's what! Riverside lost an angel who will never be replaced.*
