“ Dearest Dude, In a couple of days it will be 3 weeks that I got the news that changed my life forever, that is why I am writing this to you now. I don't know what you were thinking, or if you were that night. But, always remember me and you dad you always thinking of you and knew you had troubles and had no intention of making of making that night your last. I hope before you died you saw our faces they were faces of true love and we we always wanted you to come home we never wanted you to die alone without the 2 people that truly cared for you through your ups and downs I take comfort in knowing you knew you were loved not only by us but by your friends yo had so maney I hope you could see the pain that you caused that you caused all of us. But, would it be differant if just another night? We dearly loved you and never wanted this for you and I know deep in my heart your didn't want it for yourself either. I wish things could have been differant for you, but we never know the pain that you are were in. I hope while you lay in peace that you truly are at peace from whatever it it was that tormented you in your young life. Please know you were loved unconditionally and that we wish you could've beat the demons that took you from us. We are now left to fight them and try to undertand but I know we never will understand. In my head I'm sending these messages to you and will keep believing that for my sake. I told you everyday I loved you and I know you felt it too. Jason please find peace in your heart and soul with yourself and the few short years you had with us. And know that you wer loved very very much. Missed every minute of every day your mamma###imported-begin##Jackie Rudolf###imported-end##

“ Jason, it has been one week since we heard the terrible news. I wish we could go back a week. I wish that on Monday evening I could of stayed home to float in the pool and talk with you, maybe things would be different this week. We all love you very much. Yes, I use to pick at you and try to tell you right from wrong. That is what your Aunt Susie does best. It is not like you kids ever listened to me anyway. You will never be forgotten by any of us. I hope you were looking down at all of your friends and family so you would really know how many people cared for you. We all loved you. Jason I have a favor to ask of you, will you please be Adam's guardian angel and watch over him? It is very hard for a kid to grow up in this messed up world, so please protect him. Thank you

“ Still having trouble grasping this. ĩ½Jason, most of my memories of you are from Monticello, when you were younger. ĩ½When I think of you and Christopher I think of baseball. ĩ½I know you were a very bright kid but also took the time to love life. ĩ½There is a huge void in so many lives now. ĩ½Jason please give your parents and Christopher a sign that you are at peace. ĩ½Til we meet again. ĩ½Alane###imported-begin##Alane Memmer###imported-end##
