“ Jenny,

I remember us trying to persuade your mom is letting us take care of a stray cat. Though we weren't allowed to put him inside she bought us a bag of cat food and we fed her by the sliding door and we named her poopiekins.....or when we colored our hair in the kitchen and was so careful not to get it on your moms table cause we didn't want her to be mad ha. I will never forget when you came over and held Thomas when he was just a few weeks old and how your beautiful daughter thought she broke my living room table when it was already broke haha. Many more memories that I will never forget and cherish every single one of them. You were like a sister to me and I wish this was just a nightmare that I could just wake up from. I love you very much so and will miss you dearly. To the family and friends I am so sorry for the loss and the heartbreak. May God ease your pain and help you through this tragedy. You will always be in our hearts Jenny. You touch so many peoples life, and I am very blessed that I got to be a part of yours. I will not say goodbye but, Till we meet again dear friend. Love you girly.

“ Jenny,

You in my heart will always remain one of the sweetest girls that God ever borrowed to us all here on earth. It has been an extreme pleasure that he let us walk in the same path for many years. In those years I was able to see you grow from a little girl into a woman of truly such beauty inside and out. You have made an impact on my life, my children Brittany / Preston / David as well as anybody else that has been graced by you. We know you will always remain near and let us feel the presence of your soul and personality walking along side us. We all look forward to the day that each of our souls will be reunited again with you and even in a better way than it could be possible here on Earth.

Jennifer's Family & Friends,

You all already know how exceptional of a person Jenny has always been. The brightness and joy, that surrounds everyone with her near. That adorable smile and giggle, that makes a bad day great. We all as families, groups and individuals have our forever cherished memories that were created with her. I know we all will never let them escape your souls, hearts or minds. As time goes on let's keep these memories alive and shared especially for the little children so that they will know and truly feel Jenny. I know she will continue to surround us all with her love and allow us to feel her still near. So, make sure you acknowledge that feeling when it comes over you and give her a huge smile back. And in due time a little giggle back when one of those memories hit you just right.

God bless Jennifer... Her Husband, Children, Family and Friends!!!

Love to all... <3
