“ *Jesse was an amazing woman. I feel so lucky to have met her. When I was in nursing school she was so supportive and definitely one of my biggest cheerleaders. She was so loving toward my little Elizabeth. I hope to see you again someday in heaven.....* ”

“ The one thing that i can say about my mom is that she loved everybody around her and that she had the biggest heart. I know when i needed her that she was their for me when it was taking Courtney to a Doctor's Appt. or when she had her surgeries, Mom let me cry and was there to give me hugs when i needed it.
I would call my mom a thousands x's a day she was my bestfriend, my supporter, and the most important thing is she was my MOTHER, we went everywere together shopping and out to lunch she never cared where we went as long as we were together.
I LOVE YOU VERY MUCH & I WILL MISS HER MORE THAN ANYTHING!!!!!!

“ The one thing that I can say about my mother was that was loved by many and had the biggest heart of all when it came to her family and friends. She always took you for what you where and are and never tried to change you to suit her. She will be greatly missed until the last days of our lives.

“ My grandma was a good person and a good role model for me, and she always loved to play game's and card's with me. But if there was one thing i can say about my grandma is that she was alway's there for me at all of my doctor's appt. and when i had all of my surgeries, plus when i had all of my surgeries she was there to calm me down. But there is one important thing that i can say is that i love my grandma more than anything and that i miss her very much.

“ *My most favorite memory is going over to Jessie & Don's house to have coffee in the morning time after i lost my husband and they helped me through the rough and hard time's. Plus when they included me over on all of the holiday's to be with them and the family. Jessie and I enjoyed going shopping, but the most important part of being with Jessie is the time we had together to spend with our granddaughter. I will miss her very much.*
