“ *Passing along our condolences to Marilyn and Lisa, and all of the rest of Jim's family and friends. We weren't lucky enough to get to spend too much time with him, but it was always a joy when we did. He was one of the kindest people we've ever met, and loved to hear his stories and very much enjoyed his sense of humor. His love for Connor and Kara was always very evident and we're glad he'll always be looking out for them from above. Wishing all of you peace during this difficult time. Jason Bordelon, Emily Blumenthal, and Jackie Bordelon*

“ Jim was amazing I had the pleasure of being his nurse for one of his Doctors over the course of the last 7 years... Jim always carried a recent photo of his grandchildren and their parents . He told me many stories of which included his beautiful wife . And family one day Jim was in a lot of pain and very upset about his medication getting sent to the wrong pharmacy I assured him I didn't care how late I had to stay after office was closed I would not go home until I knew his medication and gotten to the correct pharmacy and Jim was notified. Jim had the biggest smile.i asked him how can he smile during Covid-19 and all the pain he was dealing with. He said I do it for my grandchildren. I love them more than life itself .. Jim worked with my children's father he told me many great stories of him and how wonderful the man he was he told me if you trust in God with all of your might and all of your will there's nothing that's not impossible. Jim was a very wise man. One last story to share he had came to the office and he had a very big bruise on his face and I said to him oh Jim what did you do to make your wife mad LOL and he said to me Marilyn doesn't have a mean bone in her body he said unfortunately I had a terrible fall luckily my family was in from out of town I believe it was over memorial Day weekend I could be wrong though and he came to the office and he had told me that he was outside and then he fell I seen him about a week and a half later and he told me he had two more falls inside his home and I said to him something is wrong three falls and less than 2 weeks I'll fall at all is a problem and he said he was very dizzy and lightheaded all the time but wonderful Dr .Hashmi got his medication adjusted properly and he began to feel better immediately. Jim you will be missed by so many go fly high in heaven with God.. until we meet again.
