“ *John and I worked together twice at SDC. The first time was on 603. Second time was 5 North. We would be into it one day and back friends the next day and just when he knew I was mad at him he would crack a joke and I'd forget I was mad at time. Rip John*

I was a Police Officer in Bourbonnais. John was working at a local nursing home. I handled an incident in front of the nursing home where a gentleman was trying to get to his house, but the street was flooded. He was using a tractor to get to the house. Another man was driving and one was sitting on the rear wheel well. He slipped and the rear tire of the tractor ran over his head. John rushed out of the nursing home and provided what medical attention he could. Sadly the man died. I wrote a letter to the Director of the nursing home commending John for his unselfish acts.

John had the gift of bringing you to the point of sheer frustration while completely entertaining all those around him. Never a dull moment. Rest easy friend ❤️

Johnnie was one of the unique people that some of us were lucky to have known. I remember John when he started kindergarten and then adulthood and he kept us laughing. My Grandmother was kept in stitches when he was at our house. Our sympathy goes to Maryellen and Sharon. We were so lucky to have grown up with all of you and having known your great parents. I pray that God is showing Johnnie a good time and I know that Johnnie is sharing some good laughs with God also. Raymond and Kathleen FitzGerald

Worked with him at Shapiro in the late 70's. Could make you crazy, but have you laughing at the same time. Lots of fun memories.
