“ Thank you doc for being such a kind friend to all of us. I think I told you when I last saw you, how much I enjoyed going to your office , something I have never ever said to a dentist before (!) And that you had a wonderful staff, who were always so welcoming. I also said that I appreciated your work, for you were truly an artist, a sculptor in your profession.
I am looking forward to our next conversation....

“ I met Dr. Joe through his father who was orthodontist to our youngest son. He thought we would get along great. And we did!! We became friends and he was dentist to our 3 children, husband, myself and my brother. What a beautiful soul he was...loving, caring and great humor. We shared our joys and heartaches. He watched as our children grew up, married and had children of their own. And he shared the joy and love of his daughter and brothers and sisters. We are all so saddened by his passing. Our deepest sympathy to his daughter, family and of course everyone in his office. I will remember our laughs...God bless you Joe..Bill and Patti ,Bill, Jim and Magen Stupak

“ Our entire family is heartbroken. Dr. Joe has been our dentist, friend, and sometimes counselor. My 3 children grew up never fearing their dental appointments and I would always hear Dr. Joe making them laugh, or as they grew older , giving them fatherly advice. His humming of his office tunes always seemed to ease my anxiety. 25 years of our 6 month cleanings and various appointments certainty made a big impact on our family and we were so very blessed to have known this man. We love you and will forever remember our Dr. Joe. The Dalzell Family

“ *For over 25 years I received great service from Dr. Wertz. But more than that was his special concern and attention which made me, and I'm sure, all his patients feel his care, concern and respect. His loss will certainly be felt by all those who were recipients of his personal, as well as professional, gifts.*

“ Chris and I are incredibly saddened by the loss of Joe; an active community member, a talented and caring dentist, a friend, and a devoted father. We’ve got many wonderful memories about times spent with Joe and will never go past Shaw’s Crab House in Chicago without getting a smile on our faces. And the photo Christmas card taken in his backyard with Sheree and the horse is an image never to be repeated! His love of living and doing so to its fullest is and will be an inspiration as we continue on.

Our thoughts and prayers are with you all as his memory lives on.

“ Dr. Wertz has been our family dentist over 25 years. He was always so kind, caring, talented and compassionate. Dr. Joe always asked about my family. He even visited my 100 year old father at the nursing home to check out his teeth because my dad was unable to make the office visit. He never even charged Dad for that visit!!! Such a caring man because he so cherished the gift of family. I pray that Dr. Wertz's family and office family will find strength and peace during this difficult time. “ We lived in Bourbonnais from 1992-1998. We used Dr Joe as our dentist. Our son, who stayed in Illinois for his college and law school education. He remained in the Chicago area but drove to Dr Joe, because he was more than a dentist. We moved back to Kankakee county in 2019 and returned to Dr Joe. He was a beautiful soul and we will never forget him.

“ Dr. Wertz had been a dentist for about a year, when I started going to him. He was a hard worker and was determined he could fix any dental issue that presented itself. He tried to get to know his patients on a personal level and would ask about any new events in Their lives. He will be missed, My prayers are being offered that Dr. Wertz will rest in peace, and that his family can find comfort in all the condolences and kind acts done by friends and family.

My family and I have been a patient of Dr. Wertz for 25 years. His talent, kind and thoughtful demeanor, and sincerity were just a few of his very special qualities. He always inquired about my family and was concerned about us. I remember when my 100 year old father could not venture out of the nursing home to be checked by his dentist. Dr. Wertz volunteered to go to the nursing home to look at my dad's teeth. Of course, he did not even charge anything. He did it out of the kindness of his heart. I pray for Dr. Joe's family that they find comfort and peace. We will all miss him so very much.

“ My heart is aching. I think he had a special bond with all his patients. He knew, I had been through difficult times. When he lost his brother, I said concentrate on how he lived. Not on how he died. Remember the great memories. He was, along with all his office staff, there for me. One of the toughest times, to return to the office, without my husband after he died. (Rich would always be in the room next to me. Making the whole office laugh.) Again, great support and a hug when I left. I moved to Wisconsin but looked forward to driving down and seeing everyone. There are no words that can express my sadness. To his daughter Faith, I loved seeing your pictures in the office. Watching you grow into a beautiful young lady. He was so proud of you. Please remember he was loved by many. My deepest sympathy to all his family and friends.
