“ I really enjoyed the times that Lance would come into Paperback Reader. Never knew what discussion we would get into. I remember one time telling him that I would go to school with one of his sons, who was causing mischief. (I had already gone in my youngest daughter). Teasing him that I would go in a robe, slippers and curlers in my hair. Also handcuffed to his son so he couldn't ditch me. Not sure if he ever threatened his son about that. But we sure did have a good laugh.
