“ *She was the best grandmother anyone could have. She was a very giving and generous. She was very loving. She was a great mother, grandmother, and great grandmother. She was a big influence in my life growing up. She had wonderful morals and values. She did things for me growing up and bought me things growing up and took me places growing up, I needed that in my life to have become the person I am today. And for that I am very thankful to have had her in my life. I would not be where I am today , if she was not in my life. I know she is in a better place. She is in heaven. God Bless Her, and Rest in Peace. I Love You Grandma!##imported-begin##Kelly and Andy Williams##imported-end##*
