“ My condolences to a great family. I will always remember how well Dr. David treated me as a kid. I would always have a great time at Roberto's house. Dr. David would always offer me food and it would turn into a complete lunch/dinner. God bless you Dr. David. May God give your family the peace that surpasses all understanding.

*So do not fear, for I am with you;
do not be dismayed, for I am your God.
I will strengthen you and help you;
I will uphold you with my righteous right hand.*

“ I took your hand and say I'll follow you
You see, you share your life with me
And showed me places where you've been
Places where I'll go
To have you there beside me
Never be alone
And all the time that you'll be with me
We will be at home...

*I wish I paid more attention to the music you loved. I have a new memory that will remind me of you when I hear J.D.
I miss you already, young man.*

“ Thank you for everything Lolo. I will miss helping you with your garden and peach tree, walking around the mall/block with you, getting whoppers from Burger King, learning Japanese (he learned during WWII in the PH), and many more memories... yesterday was the final day we got to say goodbye and this was the hardest goodbye. But Lolo would tell us “It's not a goodbye; I'll see you later”. So I'll see you later Lolo. When I play John Denver, I know you're there listening with me. I love you forever Lolo ❤️

“ I remember Lolo Lu would always ask how tall I was every time I visited him. He would be so proud to hear how much I've grown and insisted I could play in the NBA. While I was far from becoming a professional basketball player, Lolo's support of my other dreams in life was unwavering and will be missed dearly. Love you Lolo Lu, thank you for everything and until we meet again!
