“ Sympathy to Lydia's family (daughter and granddaughter). I and a friend, Janet, enjoyed Lydia's company and listening to her life history. Before she went to the home in Momence, we would take her out for her birthday dinner. We visited her in the nursing home; she enjoyed receiving the visit, goodies, and especially the pink roses. A K-Mart co-worker of Lydia's, Hazel Heckel, recently passed away. They had many fond memories of their time together. May the memory of Lydia live on in all of her friends and family.##imported-begin##Janice Bonnell##imported-end##
