“ We remained friends over the years even though we were seperated by busy lifes and the distance of the many miles that we lived from each other. ¶½We kept in touch by phone several times each year, on the major holidays, birthdays, and anniversarys. ¶½Especially at our birthdays, I would tease you about your age since you were 6 months older because I would never be as old as you. Here I am, a year and a half older than you when you left us. ¶½Every time my birthday rolls around I remember you not only because of our teasing about age but that you also chose my birthday as your wedding day. I miss those phone calls and miss you as well.

“ I always loved going over to grandma peggy's house on holidays, and walking in and smelling her awesome food cooking. Grandma had this singing flower, it sounded just like her voice. She used it to wake my sisters and I up whenever spent the night. Grandma peggy always tired to make it to whatever sporting event I was in, if she couldnt make it she alwasy had me call her and let her know what happened. My cousin and I would alwasy fight over who was her favorite, she alwasy said she loved us the same but i knew that she loved me more. Your missed very much grandma Peggy, we all miss you and love you very much, and wish you could be with us agin.##imported-begin##Brad Stosiek##imported-end##

“ To Peggy's Family;

Not only did we share a phone during our daily work schedule - Ext. 186 - but we shared many stories regarding our retired husbands, our children and grandchildren. I feel I know all the members of Peggy's family personally as she did mine and I will miss sharing precious family stories with her that provided daily challenges as well as tons of laughter and happiness. Our life styles were so similar and I truly enjoyed her company as a co-worker and friend. I miss her cheerful demeanor and wonderful recipes yet know for sure that she is happy in Heaven - probably cooking up a storm.##imported-begin##Arlene Kender##imported-end##

“ Peggy was the light in my day when I was working in Office Services. I started laughing at work the day she started working for Citizens - from her silly groaner jokes, to her panic button on her keyboard, she brought a smile to everyone in Office Services. Peggy brought laughter, joy, and "good" food to a busy and sometimes stressful days and she cannot be replaced in my eyes.

They say everyone had an angel in their life and Peggy was mine. (And I hope still is.) I She made it hard for me to move to Virginia. I missed Peggy greatly and wish I had kept in touch more. I thank God for having Peggy enter my life and being my "angel". I hope she will guide me to be more like her, laughing and loving everyone especially her family.

“ I have already been missing Peggy for the past few months. She was one great lady. She was always happy and smiling. Her love for her family showed thru all of the time. We shared many of the same stories and loving memories of growing up and attending Catholic schools. We laughed out loud a lot. It will be all of the little things that will be remembered. I hope that all of our memories of Peggy will help to push away our pain, and that we all will find comfort in knowing that she is in Heaven and at peace. She will definitely be missed.
