“ My grandma Suzi was a great grandma. She was one of the kindest lady I've ever known. She meant so much to me. She did everything for me and my family and basically everyone she has ever talked to. I miss her and love her so much and always will but i also know that she is pain free in heaven with her family watching down on us all. The thing i will always remember about her is even when she was really sick her personality never changed. I will remember her always saying thumbs up and saying that she's always feeling "super fantastic" and sometimes even "super fantastic plus". I love you Grandma and you will always be in my heart!
