“ I can not believe any of this has happened. Michelle was such a wonderful, young brilliant ray of sunshine! I was so excited to see her in the morning when I got to work. She was such an outgoing little girl that could dance like no other :). She loved to sit and read stories with me! even more to sing and dance!! I was sad to hear that she would not be coming to the daycare and be in my class with me anymore, but I knew she would be taken care of by her mom and dad! I remember one day she wanted to stay and play instead of going home, but the since Kayliegh walked away she was ready to go. I am so blessed to have know her!

“ I will never forget the day this sweet little girl walked into our daycare center. She was so beautiful, smart and tall for her age. While her mom completed the paperwork her dad sat and read numerous books to her, she listened and pointed to the pictures and talked about what she was seeing in the books. She was not even two years old at the time. Although I was only able to share a short while with her, she will never be forgotten. She had the prettiest smile that lit up the world. She enjoyed playing with all of the other children. She was always happy to come to daycare but she was also always really happy when her mom and dad came to get her. We were all so sad when she stopped attending but we never forgot her. We still have a picture of her sitting with several other children hanging in our toddler classroom with her smiling so big. This child will never be forgotten.
