“ I knew both Nancy and her mom Kathleen Kathleen I met when I was attending a church we became really good friends and later on when I worked at Manteno high school that's when I met Nancy. She is and always will be such a wonderful person to be around. She was one of many that welcomed me with open arms at Manteno high School. She was definitely a very caring person and if you ever had anything that was on your mind she was there to you know listen and talk to you. She was definitely a wonderful person to work with as well even though I didn't work with her side by side but you know seeing her when she come into work or when she'd be in the hallway was just a lot of positive vibes she threw off and something I'll never forget. My heart goes out to her mom and her family she's definitely going to be missed.
