“ Sorry to hear of Pauline's death. I wanted the family to know that I'm thinking of them. It's tough to lose your mother & wife. I've lived away from Illinois for many years and wasn't as close to my cousin as I should have been.
With Sympathy, cousin

“ Pauline and I go back quite a few years as her mom and my mom were good friends in the church womens group. We went to school together and always considered ourselves below the "elite bunch" in high school. Nevertheless your mom turned out to be a wonderful person and wife and mother. In the past few years we have talked on the phone and discussed our old times. Did some email too but always nice to talk in a verbal conversation.

I am sad to hear she has passed on but I know she was experiencing a lot of pain and frustration. I will miss talking with her and she will always be in my memory. My condolences to her family as she was proud of each and every one of you.##imported-begin##Jean Watterson##imported-end##

“ I was fortunate to have known Pauline in the latter years of her life. She proved to be an engaging person who acquainted me with our rich family history. I am honored to carry on the mantle of family historian, and will be passing it on so that others might appreciate it. All of this was a promise to Pauline.

My thoughts go to Harlan and Dave, and all others who will miss her and have benefitted by making her acquaintance.

May God's blessings be bestowed upon her with abundance.##imported-begin##David Arch##imported-end##
