“ It has been many, many years since I’ve seen anyone in the Nolan family but I spent a considerable amount of time at their house growing up. Ray was always kind and fun. He would always stop whatever he was doing to help any of us out.

To the Nolan family, I am so very sorry for your loss. You will all be in my thoughts and prayers.

“ Our family chain has lost yet another link. My fondest memories of Ray start from when I was a little girl and Ray sitting atop the attic stairs yelling down to his 5 little brothers and sisters what Christmas toys were hidden by our ma and dad... him taking me and my sister on our first ever vacation to Daytona beach to see the ocean...my first taste of alcohol in his signature Grasshopper milkshake as he started our family Christmas Eve party tradition the way he would totally OWN a dance floor once he got going still makes me laugh. Too many memories for a single page. Ray you added so many laughs and much joy to our lives, and this family will never be the same without you. Until we are all together again big brother we love you. rest well.

“ So saddened by the loss of this man. He had so much life left to live. I will always remember him the way he was when I was last with him, dancing, laughing and having a great time at Molly's wedding. It's a wonderful memory!

“ *Uncle Ray was the first person to introduce me to the gym, bro science lifestyle and most importantly taught me the importance of drinking a protein shake no more than 30 minutes after a workout. We will also always remember him chirping us during a friendly game of bags. Rest well, Uncle Ray.*
