“ Grandpa or Bobby (as i used to call him) had such a quite touch which would heal us in the instant we fall. Once we felt him beside us we were always comforted by his breath of butterscotch candy, his deep voice, and his arms holding us. We all have our memories with him. And even though he has left us we will all still have those in our heart to remind us of him. Like my memory was when we would talk about kc, my horse and now whenever I ride kc I will remember grandpa and he will always be with me not only then but all throughout my life. He will not only be with me but he will also be with you too. No matter what we have to remember him by he will always love us and be taking care of us . Just like grandpa held our hand the Lord will also hold our hand through all of the rough times in our life. I LOVE YOU GRANDPA!!!! ĩ½##imported-begin##Miranda Regnier##imported-end##

“ Grandma.....words can not express how much grandpa will be missed. Not a year has gone by that Grandpa hasn't been a huge part of my life. As a little girl and now as a mother myself, he was always there willing to lend a helping hand. First as a grandpa then a great grandpa to my girls and the last few years as a friend, he has always been there. Not a day will go by that we won't think of him with love. I love you....
