“ Oh my dear sweet cousin Bonnie,
As I am driving down the road and glance at a billboard I think "Say whaaaaat"? My next thought is "Seriously? First your mom and now this". How many times have you heard that 2017 is NOT your year? I just wanted to take the opportunity to say that I'm thinking of you and if I was you I wouldn't be vertical yet. But I'm sure you are because you're you. I love you and my siblings love you (one, I recently discovered, more than I ever knew, especially in his adolescent years). Genelle

“ Dear Angela and family,
Please accept my sincere condolences. I always remember how kind your dad was to us when you had your sleepovers. He would always spoil us with whatever junk food we wanted for the night. As an adult, I would run into him at the grocery store from time to time, and he would always say hi and update me on the grandchildren. Know my thoughts and prayers are with you at this difficult time.

Sincerely,

“ Kristie and I send our sincere condolences. Bob was a wealth of knowledge and I enjoyed our conversations at family gatherings. I'll never forget the time he let me take his Chevy SSR for a drive with my brother. My first of very few 400 hp test drives. I was 16 or 17. Needless to say my dad was not happy when we pulled back up. He will be missed. RIP Bob

I am sorry to hear the news of Bob's passing. I always felt welcomed being around him! In my later years, seeing Bob out in public, he always knew who I was stopped and said hello every single time! Both Bob and Bonnie helped me and wife purchase our first house together back in 1997! I will never forget Bob and all the caring things that he has done for me!
