“ *Bobby was my half Brother from another Mother and 13 years older. I did not have him in my life until I was around 4 years old and only have great memories of him from that point on. Bobby taught me how to ride a motorcycle when I was only 9 or 10 years old and will always be my big brother. Although we did not see each other much after we both had our own families and I regret that now. I was always proud he was my brother and I will always love and miss him.*
