“ Roger will be always very special to me, I have been trying to call him for several days now, just to find out tonight that he has passed away, we were soul-mates in many ways, we could talk for hours, plus he had such love for little kittens that were strays and had no home, and how he loved his dog Tess, I talked to him about a week and half ago, he sounded better then many times I had talked to him before which made me very happy, little did I know that would be the last time I would talk to him. I will miss you Roger, I really never felt any closer to someone as I did you. Always Your Friend, Joy
