“*My condolences to the family. I did not get to know Rose well, but she was always such a pleasant lady and would have a smile on her face when her daughters would bring her up to the reception area at the nursing home. And, her daughters are such lovely ladies - visiting with her constantly. You could tell how loved Rose is by the many family members who came to see her in her final days. Rest in peace, Rose.*

I am so proud to have been able to take care of such a beautiful soul. I cherish the memories we made in the little amount of time I was able to know her and care for her. I wish I was able to know her long before I did. Rest in heaven my sweet lady.
