“ Sheila was such a great person to work with in the hospital. With her smile and humor the shift always went better than expected. I always remember her giggle and smile with fond memories. We sat together approx 4 years ago at a ballgame in Crescent City when our boys played against each other and had the nicest visit and talk about family and our co workers at the hospital. Anyone that knew her, is very blessed indeed to have made her acquaintance. How she adored her family and talked about them all the time!!

“ Sheila, so giving. She took such wonderful care of her family, others and my family too. She cared for my mother and hers while she worked at the hospital and cared for two growing children. Never a complaint. always there. God will care for her now. Her time here is done and she will rest in heaven with all it's wonders for eternity. May God give peace and contentment to her family, she is in her Father's arms. The sorrow and sadness can only be endured knowing Sheila is safely at home. Bless all those who have had the chance to know her, for they will all dearly miss her love.
