“ Dear Family... Terry and I are so saddened at the death of Susan. She fought a long and hard battle, for sure! There are so many memories that come flooding back at a time like this. Our family times at Uncle "Junior" and Aunt Lorraine's home were always full of fun. Wondering who has Susan's accordian? Then there was Susan and Allen's wedding, which I was a small part of. Memories are what keep us connected and close to our loved ones that we've had to say good-bye to. We pray that many wonderful memories of Susan and times spent with her will be shared over the coming days as you gather to comfort one another. FAMILY was what Susan was about. God bless you all in your time of grief and in adjusting to life without having her physically near. Allen...Susan chose a prince when she chose you, and a best friend for life. We'll forever remember the smiles she always had for everyone. We'll miss her for sure, even though I didn't see my cousin very often. If there is anything we can do, please give us a call. Love and sympathy....Linda & Terry

“ Susan, I remember all the fun and talks you and I had in the Break room I just remember how I thought what a strong lady you were to be able to cope with the problems you were having. I just know how you will be missed not just by family but by all the friends you made in all the years you worked. Now you can rest because you needed it. Susan your family will come through this and will always have you in their hearts. Remember you always Pam Gal (vision dept.)

“ Sixty-three years for some may be a lifetime, but for us that was not long enough. You shared a gift with us though that will live on for an eternity. Your smile and your laugh will never be forgotten by those that loved you and knew your heart. I will never forget the time that I got to share with you in this life, and I know that the hearts you touched will never forget you either. I love you so much Aunt Sue, and I can't believe that you have been taken from us so quickly. I understand though that your job here on earth was done, and now your work protecting your family can continue from a better place. I know that you will always be shining down upon us with a smile that can melt through it all.
